

17 February 2016

EFASCE di Philadelphia has received a request from Circolo Operaio Poffabro (COP), the Community Center of Poffabro, for donations to support continued operation and improvements being made to the center. While EFASCE di Philadelphia supports the efforts of our friends in Poffabro, we have been advised that due to our 501c3 status, EFASCE di Philadelphia cannot act as an intermediary for the collection and distribution of funds outside of our jurisdiction. EFASCE di Philadelphia is making this information available to our members, should they wish to donate directly to COP. The website link posted below contains additional information about COP and their planned improvements to the center. It also allows you to make personal donations directly to COP.
